The Client agrees to provide the signed Agreement, the required fifty percent (50%) deposit, and all materials the Client wishes to be included in the website before work begins. The Client further acknowledges that a separate Materials Acknowledgement disclosure will be provided and must be signed, confirming that all necessary materials for the project have been submitted.

Failure to provide requested materials within thirty (30) calendar days after the Agreement has been executed and the deposit has been received may result in the project being deemed inactive.

To resume work after inactivity, the Designer may require:

- Execution of a new Agreement
- Payment of a new deposit based upon the Designer's then-current pricing

Delays caused by missing information, revisions, or lack of communication may extend estimated completion dates.

3. PROJECT FEE

The total fee for the standard Website Design Package shall be: \$250.00.

Payment Terms

A deposit equal to fifty percent (50%) of the total project fee is required before work begins. For the standard Website Design Package, the required deposit is \$125.00.

The remaining balance shall be due upon receipt of the Client's Final Approval acknowledgement and prior to delivery or transfer of any website files, repositories, credentials, or related materials. For the standard Website Design Package, the remaining balance is \$125.00.

Payments are earned as work is performed and are non-refundable except as required by applicable law.

The Designer reserves the right to suspend work until any outstanding balances are paid in full.

The website may be temporarily deployed through the Designer's Vercel account solely for demonstration and review purposes during development.

Such deployment does not constitute ownership transfer or delivery of the completed website.

The Client acknowledges that the website displayed through the Designer's Vercel account is intended solely for review and approval purposes and shall remain the property of the Designer until final payment has been received and the website has been delivered to the Client.

No website files, GitHub repositories, source code, access credentials, ownership rights, project files, or transfer materials shall be delivered until payment has been received in full.

4. TIMELINE
